Environment well-being and health

Anglais – classe de Terminale technique

Fiche de TD – Anglais, Terminale technique (séries T)

Chapitre : Environment, well-being and health. Traitez tous les exercices. Les réponses rédigées doivent être justifiées et rédigées en anglais correct.

EXERCICE 1 Vocabulary : health and substance abuse

Le centre de santé de votre quartier organise une campagne de sensibilisation. Voici des mots et expressions : addiction, to quit smoking, lung cancer, liver damage, awareness campaign, peer pressure, rehabilitation, overdose, to give up, harmful.

1. Classez ces mots en deux colonnes : Problems / Solutions. Justifiez votre classement pour trois mots au choix.
2. Complétez les phrases suivantes avec le mot approprié :
 - (a) Many teenagers start drinking because of
 - (b) Smoking can causeand other serious diseases.
 - (c) The school organised anto inform students about drugs.
 - (d) After years of drinking, hiswas seriously affected.
3. Rédigez un court dialogue (8 répliques) entre un élève et l'infirmier scolaire au sujet des dangers de l'alcool. (2 pts)

EXERCICE 2 Grammar : relative clauses and reported speech

1. Reliez chaque paire de phrases à l'aide d'un pronom relatif (who, which, whose, where) :
 - (a) The nurse works in our school. She gives talks on AIDS prevention.
 - (b) This is the hospital. My uncle was treated there for malaria.
 - (c) The students attended the workshop. Their projects were about recycling.
 - (d) Climate change is a problem. It affects farmers in the Far North region.
2. Mettez les phrases suivantes au discours indirect :
 - (a) The doctor said to the students : "Wash your hands regularly with soap."
 - (b) "We will plant trees next week," the headmaster announced.

- (c) "Did you attend the vaccination campaign?" the teacher asked Mary.
- (d) "Don't throw plastic bags in the river," the mayor told the villagers.
3. Expliquez, en deux phrases, la différence entre un pronom relatif *who* et *which*, en donnant un exemple personnel pour chacun.

EXERCICE 3 Reading and data analysis : communicable diseases

Le tableau ci-dessous présente les cas de paludisme déclarés dans un lycée technique de Douala sur une année scolaire.

Trimestre	Cas de paludisme	Cas de typhoïde	Jours d'absence
Sept.-Nov.	45	12	130
Déc.-Fév.	20	8	60
Mars-Mai	38	15	110

- Which trimester recorded the highest number of malaria cases? Suggest two reasons linked to the seasons in Cameroon.
- What is the relationship between the number of disease cases and the days of absence? Justify your answer with figures from the table.
- Using the first conditional, write three sentences about what will happen if the school does not improve hygiene.
- Write a short paragraph (about 60 words) giving three pieces of advice to prevent communicable diseases in your school. (2 pts)

EXERCICE 4 Grammar : conditionals, how + adjective, too...to

- Complétez avec la forme correcte du verbe (premier ou second conditionnel) :
 - If the government(invest) in recycling, our cities(be) cleaner.
 - If I were the Minister of Environment, I(ban) plastic bags.
 - Rivers(be) polluted if factories(continue) to dump waste in them.
 - If people sorted their garbage, there(be) less disease in our neighbourhoods.
- Réécrivez les phrases en utilisant *how + adjective* :
 - Global warming is very serious. → Do you realise?
 - The rubbish dump near the market is very large.

3. Transformez avec too ...to ou enough ...to :

- (a) The water is very dirty. People cannot drink it.
- (b) The bins are very far. Students don't use them.
- (c) The project is simple. Every student can take part in it.

EXERCICE 5 Writing : environmental issues in your community

Dans votre ville, les ordures s'accumulent près du marché et les services de ramassage sont irréguliers. Vous êtes membre du club environnement de votre lycée.

1. List four environmental problems observed in your town and match each one with a possible solution (use a two-column presentation).
2. Write a composition of about 150 words addressed to the mayor of your town. You will : describe the garbage problem, explain its effects on health and the environment, and propose two concrete solutions (collection, disposal, recycling). Use at least two relative clauses, one conditional sentence and one superlative. (2 pts)
